CAPT. LORENZEN LOSES LICENSE

Capt. J. C. Lorenzen will cease to be a territorial pilot after May 1.

Capt. M. A. Madsen, now assistant harbormaster, will succeed Capt. Lorenzen.

Capt. Madsen's successor has not yet been chosen, but will probably be a man now connected with the inter-island company.

This is the result of an executive session of the board of harbor commissioners held yesterday afternoon. Chairman Charles R. Forbes of the board today confirmed well-authenticated reports to the effect that Capt. Lorenzen, who has been under suspension, was to be dismissed, and that Capt. Madsen would succeed him.

Capt. Lorenzen's dismissal is the direct result of the grounding of the Chilean steamer Manila as she was entering the harbor on the afternoon of Saturday, March 18, when Capt. Lorenzen was piloting her into port. It is said that other accidents against his record in the last few years have also been a factor in the board's decision to release him.

Will Verify Statement

Mr. Philip Geiber, 545 Bushwick Ave., Brooklyn, N. Y., will verify to anyone interested his endorsement of Fruitola and Traxo. In writing to the Pinus laboratories Mr. Geiber says:

"I suffered with gall-stones seven years—tried various remedies without satisfactory result—was induced to try Fruitola and Traxo. Glad to say I am now feeling better than at any time for years and heartily recommend Fruitola and Traxo."

"Fruitola acts on the intestinal organs as a powerful lubricant—softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling the accumulation with almost instant relief. Traxo is a tonic-alterative acting on the liver and stomach, and is especially recommended in connection with Fruitola to build up and restore the weakened, run-down system."

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Honolulu they can be obtained at Benson, Smith & Co., Ltd.
